Notification No. I.

In exercise of the powers conferred by section 14 of the Glanders and Farcy Act, 1899 (XIII of 1899), the Governor in Council is pleased, in supersession of the rules published in Government Notification in the General Department No. 5424 dated 25th November 1899, as subsequently amended, to make the following rules for the City of Bombay, excluding the harbour, for the purpose of carrying into effect the purposes and objects of the said Act, namely :—

Preliminary.

These rules may be called the City of Bombay Glanders and Farcy rules, 1919.

1. (1) The owner or person in charge of a horse which he believes or has reason to believe to be diseased shall report the case immediately to the Inspector appointed under section 4 of the Act or to a Police Officer who shall at once inform the Inspector. Such owner or person shall remove the animal to any isolated building within fifty yards of the stable, or to a remote part of the building enclosure or other place where the animal has been standing, and shall keep it, as much as is possible within these limits, away from other horses ; (2) such owner or person shall detain in the stable until the granting of a license for removal, any horse which has been in the same enclosure building or place as, or in contact with, a diseased horse.

2. (1) The Inspector shall have power to enter any building, enclosure or place where horses are stabled or kept and in the presence of the owner or other person then in charge, or, if such owner or person is absent, in the presence of an officer of police to search the premises and to inspect all horses found therein and to execute and discharge the duties and powers conferred on him under the Act.

(2) The Inspector may in such entry and search be accompanied by a Veterinary Practitioner appointed under the Act or by such police officers as he considers necessary or by both.

3. The owner of the premises or the person in charge thereof at the time shall give free ingress to the Inspector and persons with him and shall in every possible way facilitate the search ; and he shall be entitled, in the event of his premises being infected, to receive written or printed instructions as to his liabilities and duties under the Act signed by the Inspector.

4. (1) The Inspector shall seize any horse which he considers diseased or which he reasonably suspects of being so. Such horse shall, as soon as possible and under such precautions as the Inspector deems fit to prescribe, be removed to a place to be prescribed by the Inspector where it can conveniently be detained and isolated by the police. The place to be prescribed by the Inspector shall ordinarily be the Government Lazaretto where the horse shall be detained by the Principal of the Bombay Veterinary College.

(2) The precautions ordinarily to be prescribed by the Inspector shall comprise, in the case of a discharge from the nose, the wearing of a nose bag, and in the case of open sores the covering up of the same, so far as is practicable, with disinfecting powder and cloths and bandages during removal along public roads ; and such removal shall, unless there be any sufficient reason to the contrary, be at night.

5. The horse having been removed to the place prescribed by the Inspector shall as soon as possible be examined by a Veterinary Practitioner appointed under the Act, who, with as little delay as possible, shall report to the Inspector whether the animal is diseased or not. The Inspector shall thereupon inform the owner of the result of the Veterinary Practitioner's examination.

6. Before submitting his report on the condition of the horse, the Veterinary Practitioner for the purpose of his examination may submit the horse to any of the following tests :—

(*a*) Detention for one calendar month under observation.

(*b*) Mallein Test or Tests.

(*c*) Bacteriological Tests.

(*d*) In the case of Epizootica Lymphangitis, microscopical examination of pus or other pathological material from abscesses, sores or other lesions.

(*e*) In the case of Surra, microscopical examination of the blood.

Whilst isolated and detained for observation, the horse shall be inspected from time to time at intervals of not more than a week by a Veterinary Practitioner appointed under the Act.

7. On a certificate from the Veterinary Practitioner that a horse is diseased, it shall, unless the disease is other than Glanders or Farcy and the Veterinary Practitioner considers treatment desirable, be destroyed humanely in the presence of the Inspector and the carcass disposed of by burning under supervision of the police. Except with the sanction of the Inspector and for the purpose of burning it, no person shall remove the carcass or any portion of it.

Provided that no horse suspected to be suffering from Lymphangitis Epizootica or Surra shall be destroyed, until the microscopical test specified in rule 6 (*d*) or (*e*) has been applied and the disease ascertained.

8. (1) Whenever a horse is detained for observation, test, treatment, or isolation the owner or person in charge thereof shall be required to provide food and an attendant and to pay a fee of two annas per diem for treatment, and in the case of surra four annas per diem; or, in the alternative, to pay a fee of one rupee per diem and in the case of surra one rupee and two annas per diem, which fee shall be deemed to cover the cost of food, attendance and treatment.

(2) Any sum due under the preceding clause shall be recoverable, on application to a Magistrate, as if it were a fine.

9. Any horse which has been in contact with a diseased animal or in the same line or building, enclosure, field or place shall be detained by the owner or person in charge in the stable until a license for removal has been obtained from the Veterinary Inspector. Such license shall be issued by the Veterinary Inspector only, when authorised in writing by a Veterinary Practitioner, appointed under the Act, who is satisfied that the horse is free from disease. In the event of the owner or person in charge of the said horse failing to apply for a license for removal within one calendar month, the Veterinary Inspector may issue a license for removal provided the horse in question has been detained for one calendar month under the observation of the Veterinary Practitioner.

10. (1) The owner or person in charge of any building, enclosure or other premises which have been occupied by any diseased horse, shall, within seven days, carry out such disinfection of such building, enclosure or other premises and destruction of dung, litter and waste food, gear and other articles in or near to the building, enclosure or premises as may be prescribed by the Veterinary Practitioner and such disinfection shall be carried out in the presence of the Inspector.

(2) In all cases dung, surplus food and litter from the infected stable, also clothing and other gear which has been used by or been in contact with the diseased horse shall be burned; temporary building materials, such as thatch of grass or leaves, bamboo walls or matting, shall be burned, if the position admits of this being done with safety; and (after complete removal of all dung, temporary fittings and other articles for destruction by fire) the whole of the interior of the stable shall be subjected to a process of thorough disinfection to be prescribed by the Veterinary Practitioner.

(3) Such process shall ordinarily include the scraping of the walls, wood work and ceiling and the thorough cleansing of the walls, wood work and floor (if it be of stone, cement or masonry) with boiling water, and the application of a freshly prepared solution of bleaching powder in water (in the proportion of 8 ozs. of bleaching powder to one gallon of water) to all the fittings of the stable and the whole interior of the building. Should, however, the flooring be of other material than stone, cement or masonry, the whole flooring shall be removed to a depth of two feet and not renewed for the space of two weeks, the removed earth being burnt and replaced by fresh earth.

11. In the event of disinfection of premises and destruction of gear, fittings, dung and other articles condemned by the Inspector not being carried out by the owner or person in charge within the period of seven days or not being carried out in strict conformity with the directions prescribed by the Veterinary Practitioner, they shall be carried out by the Inspector under police supervision and the expenses shall be recovered from the owner of the premises or from the person in charge in the manner prescribed by rule 8 (2).

12. Except as provided in these rules, no person shall intentionally or negligently cause or permit any diseased horse to stray or to be worked, led or driven in a public thoroughfare, road, street or place.

13. Whoever shall be guilty of a breach of any of the above rules shall on conviction before a Magistrate be punishable with imprisonment for a term which may extend to one month or with fine which may extend to rupees fifty or with both.

14. The Principal of the Bombay Veterinary College, who is the controlling officer of the Glanders and Farcy Department in the City of Bombay, may award to the Inspector at whose instance any conviction is obtained under the Act a sum not exceeding half the amount of any fine imposed.

Preliminary.

These rules may be called the Bombay Harbour Glanders and Farcy rules, 1919.

1. The master of any vessel which arrives in the Harbour with one or more horses on board shall give information thereof to the pilot and shall hoist the "N" flag under the ensign for the information of the Inspector under the Act on duty at the Harbour and shall keep these flags flying until authorised to lower them by the Inspector under the Act.

2. The Pilot shall deliver to the master printed copies of sections 2, 10 and 11 of the Act and of these rules and the master shall give such copies to the owner or person in charge of the horse or horses.

3. As soon after the arrival of the vessel as possible the Inspector under the Act shall proceed on board the vessel and shall in the presence of the master or some other officer of the vessel and of the owner or person in charge of the horse or horses, if present, inspect the said horse or horses on board and shall carry out the duties imposed upon him by the Act.

4. The master of the vessel shall not permit any horse to be landed until it has been inspected by the Inspector under the Act and permission has been given by the Inspector for him to do so.

5. The master and every officer of the vessel and the owner or person in charge of the horse or horses shall give free access to the Inspector and the persons, if any, accompanying him and shall in every way facilitate his inspection and search.

6. The Inspector may, when making an entry and search of any vessel be accompanied by such other Inspectors or Veterinary practitioners appointed under the Act or police officers as he may deem necessary.

7. If the master of the vessel or the pilot or an officer of police or of the customs department has reason to believe that the horse or any of the horses on board is diseased he shall at once give information thereof to the Inspector on duty at the Harbour or to the Superintendent of the Dock or Water Police whose duty it shall be to report the matter to the Inspector.

8. When information is given to the Superintendent of the Dock or Water Police that there is reason to believe that a diseased horse is on board a vessel, he shall cause the same to be taken down in writing and shall at once inform the Inspector on duty at the Harbour.

9. If through any unforeseen circumstances the services of the Inspector on duty at the Harbour shall not be immediately available, application will at once be made by the police constable on duty at the Harbour to the nearest Inspector or to the office of the Controlling officer of the department at the Bombay Veterinary College, Parel.

10. The Inspector shall seize any horse which he considers diseased or which he reasonably suspects of being so. Such horse shall, as soon as possible and under such precautions as the Inspector deems fit to prescribe, be removed to a place to be prescribed by the Inspector where it can conveniently be detained and isolated by the police; such place shall ordinarily be the Government Lazaretto.

The precautions ordinarily to be prescribed by the Inspector shall comprise, in the case of a discharge from the nose, the wearing of a nose bag and in the case of open sores the covering up of the same, as far as is practicable, with disinfecting powder and cloths and bandages during removal along public roads; and such removal shall, unless there be any sufficient reason to the contrary, be at night.

Except with the sanction of the Inspector and for the purpose of burning it, no person shall remove the carcass or any portion of it.

Provided that no horse suspected to be suffering from Lymphangitis Epizootica or Surra shall be destroyed, until the microscopical test specified in Rule 12 (*d*) or (*e*) has been applied and the disease ascertained.

14. (1) Whenever a horse is detained for observation, test, treatment or isolation the owner or person in charge thereof shall be required to provide food and an attendant and to pay a fee of two annas per diem for treatment and in the case of Surra four annas per diem or in the alternative, to pay a fee of one rupee per diem, and in the case of Surra one rupee two annas per diem, which fee shall be deemed to cover the cost of food and treatment.

(2) Any sum due under the preceding clause shall be recoverable on application to a Magistrate, as if it were a fine.

15. No person in charge of any horse which has been in contact with a diseased horse or in the same vessel or place shall disembark the horse without a license authorising him to do so granted by the Inspector.

16. A license to disembark the horse or horses which has or have been in contact with a diseased horse or in the same vessel or place may be issued by the Inspector on the condition that it or they shall forthwith be disembarked and removed direct to such

place as shall be prescribed by him and there examined by a Veterinary Practitioner and if deemed necessary by the said Veterinary Practitioner detained under observation and subjected to tests in the manner prescribed in Rule 12.

17. When any diseased horse has been in any vessel or place the Inspector may issue a notice under section 9 of the Act to the owner, the owner's agents or to the master of the vessel to have the vessel or place and the internal fittings thereof intended to accommodate horses disinfected (or in the case of the fittings to have them destroyed) in such manner as shall be prescribed by the Inspector.

The following manner of disinfection shall ordinarily be carried out, *viz.* :—

(I) All waste fodder, dung, urine and excrement whatsoever shall be removed and the fittings, decks, holds, bilges or other places which have in any way been contaminated by the horses thoroughly washed and cleaned by means of the hose where applicable.

(II) After this in the case of a steam vessel the steam hose superheated shall be turned on and carefully applied to every part of the horse fittings, the decks, holds or other places which have been occupied by horses or which have been contaminated with their excrement or discharges.

(III) In the case of a sailing vessel or a steamship unprovided with steam hose the horse fittings, feeding pans, etc., shall be thoroughly scraped and then washed over with a coloured solution of one in 250 of corrosive sublimate and the decks and permanent structures of the ship shall be washed with a solution of one in 50 of Carbolic Acid or Cresol solution. Three hours after the application of the disinfectant the whole shall be thoroughly washed with water.

(IV) The horse fittings shall then be washed with freshly prepared lime wash.

(V) In every case buckets and feeding troughs and watering tubs shall be scrubbed with hot water and disinfected with a solution of Carbolic Acid or Cresol in the proportion of one in 50.

18. In any such notice as aforesaid the Inspector shall direct that all bedding, fodder, ropes and other gear which have been in use or worn by a diseased horse shall be burnt.

19. If the Inspector shall be of opinion that such notice as aforesaid has not been duly complied with, port clearance shall, on his requisition, be refused to the vessel by the Collector of Customs until either the notice has been in the Inspector's opinion duly complied with or the Inspector has himself caused his orders to be given effect to and has recovered the expense (if any) thereby incurred under section 9 of the Act.

20. Whoever shall be guilty of a breach of any of the above rules shall on conviction before a Magistrate be punishable with imprisonment for a term which may extend to one month or with fine which may extend to rupees fifty or with both.

NOTICES TO MARINERS.

No. 9-M. OF 1920.

Admiralty Notice to Mariners No. 1 of 1920 is republished for general information.

CAUTION WHEN APPROACHING BRITISH PORTS.

PART I.

Closing of Ports.

Former Notice.—No. 1520 of 1919 ; hereby cancelled.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II, of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) **If entrance to a port is prohibited, three *red* vertical lights by night, or three *red* vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this Notice.**

If these signals are displayed, vessels must approach the port with the greatest caution and implicitly obey all orders or signals given them by the Examination vessel or signal station.

(3) At some of the ports or localities at home or abroad referred to in Part III of this Notice, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

Examination Service.

(4) In certain circumstances it is also necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this Notice.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the port. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

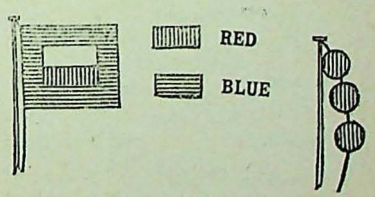
(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In entering by night any of the ports mentioned in Part III, serious delay and risk will be avoided if four efficient all-round lanterns, two *red* and two *white*, are kept available for use.

(7) **By day** the distinguishing flag of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border).

Also, three red vertical balls if the port is closed.

SPECIAL FLAG THREE RED BALLS



Usually the Examination Steamers will fly the blue ensign, but at certain ports they will fly the white ensign.

By night the steamer will carry :—

(*a*) Three *red* vertical lights if the port is closed.

(*b*) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Masters are warned that, when approaching a British port where the Examination Service is in force, they must have the signal letters of their vessel ready to hoist immediately the Examination Steamer makes the signal : "What ship is that ?"

(9) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer.

Whilst at anchor in the Examination Anchorage, Masters are warned that it is forbidden, except for the purpose of avoiding accident, to do any of the following things, without permission from the Examination Officer:—

To lower any boat.

To communicate with the shore or with other ships.

To move the ship.

To work cables.

To allow any person or thing to leave the ship.

(10) In case of fog, Masters are enjoined to use the utmost care, and the port should be approached with caution.

(11) When the Examination Service is in force merchant vessels when approaching ports are especially cautioned against making use of private signals of any description, either by day or night; the use of them will render a vessel liable to be fired on.

(12) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART IV.

Mine-Sweeping Operations.

Notice is hereby given that under the Defence of the Realm Regulations the following Orders have been made by the Lords Commissioners of the Admiralty, and are now in force.

H. M. Vessels engaged in mine-sweeping operations off the coasts of the United Kingdom are hampered to a very considerable extent in their manœuvring powers.

With a view to indicating the nature of the work on which they are engaged, these vessels will show the signals hereinafter mentioned. For the public safety all other vessels, whether steamers or sailing craft, must keep out of the way of vessels flying these signals and not approach them inside the distances mentioned herein, specially remembering that it is dangerous to pass inside these distances or between the vessels of a pair, as the vessels may have mines trailing in their sweeps and also on account of the danger caused to traffic if mine-sweepers have to slip their sweeps to get out of the way of vessels.

1. SIGNALS THAT WILL BE SHOWN BY DAY.

(*a*) By vessels working singly:

A black ball at the foremast head, and a similar ball at each yard-arm or where they can best be seen.

Vessels showing this signal are not to be approached nearer than 300 yards.

(*b*) By vessels working in pairs:

A black ball at the foremast head, and a similar ball at the yard-arm or where it can best be seen, on that side on which it is dangerous to pass.

Vessels are not to pass within a distance of 100 yards astern of a single pair of sweepers, or when more than one pair are working in company within a distance of 400 yards astern of rear pair. They are on no account to attempt to pass between pairs working in company.

2. SIGNALS THAT WILL BE SHOWN BY NIGHT.

As for day, except that all round green lights will be used in place of the black balls.

Caution.

Part IV of this Admiralty Notice to Mariners is issued under the provisions of the Defence of the Realm Regulations and failure to comply with the orders contained in it will constitute an offence against those Regulations.

Any person found guilty of such an offence is liable to severe penalties both of imprisonment and fine.

Any person aiding or abetting the commission of such an offence is himself guilty of an offence against the Regulations.

Attention is also drawn to the fact that any infringement of the directions contained in Part IV of this Admiralty Notice to Mariners is liable to result in the detention of the ship or vessel.

Note.

LATE NOTIFICATIONS.

JUDICIAL DEPARTMENT.

Bombay Castle, 17th February 1920.

No. 1563-*A*.—The following notification by the Government of India, Home Department, is republished—

"JUDICIAL.

No. 314, dated Delhi, the 12th February 1920.

The following revised rules approved by the Secretary of State for India in Council on the 2nd December 1919, consolidating and amending the rules fixing the salaries, allowances, furloughs, retiring pensions and (where necessary) expenses for equipment and voyage of the Chief Justices and other Judges of the several Indian High Courts are published for general information :—

INDIAN HIGH COURTS.

Rules fixing the Salaries, Allowances, Furloughs, Retiring Pensions, and (where necessary) Expenses for Equipment and Voyage of the Chief Justices and other Judges.

1. In these rules, unless there is something repugnant in the subject or context—

'Acting Chief Justice' means a Judge appointed under section 105 of Statute 5 and 6 Geo. V., cap. 61, to perform the duties of Chief Justice of a High Court.

'Acting Judge' means a person appointed under the said section 105 to act as a Judge of a High Court.

'Additional Judge' means a person appointed by the Governor-General of India in Council under section 101, sub-section 2 (1) of Statute 5 and 6 Geo. V., cap. 61, to act as additional Judge of a High Court.

'Judge' includes a Chief Justice and Acting Chief Justice, and an Acting Judge and an Additional Judge, except where the contrary is expressed.

'Actual Service' includes:—

(*a*) Time spent by a Judge on duty as Judge or in the performance of such other functions as he may be directed to discharge by the Governor-General of India in Council ;

(*b*) Time spent by a Judge on privilege or subsidiary leave ;

(*c*) Duly authorised vacations (provided that the Judge is not absent on furlough or on extraordinary leave under Rule 26).

Section I.—Salaries.

2. The Chief Justice, or Acting Chief Justice of the High Court at Calcutta shall be paid a salary at the rate of Rs. 72,000 per annum.

3. The Chief Justice, or Acting Chief Justice, of the High Courts at Madras, Bombay, Allahabad, Patna and Lahore, respectively, shall be paid a salary at the rate of Rs. 60,000 per annum.

4. A Judge or Acting Judge, of the High Courts at Calcutta, Madras, Bombay, Allahabad, Patna and Lahore, respectively, shall be paid a salary at the rate of Rs. 48,000 per annum.

5. Every Judge shall be allowed to draw, in addition to his salary, any exchange compensation allowance which may be sanctioned for public servants generally, subject always to the conditions and limitations prescribed in the rules relating to such allowance.

Section II.—Leave.

6. One year's furlough shall be placed to the credit of each Judge after the completion of the fourth, eighth and twelfth years of actual service ; provided that the aggregate amount of all furlough which can, during the whole period of his service, be granted to a Judge shall not exceed three years : provided further that the maximum amount of furlough which may be taken at any one time is 15 months.

7. Except under Rules 9 and 11, no furlough shall be granted until at credit under Rule 6. But any Judge already in the service of the Government at the time of being appointed to the High Court, who, when so appointed, had at his credit, under the rules applicable to the branch of the service to which he belonged, furlough without medical certificate may be granted furlough for a term not exceeding the amount so at his credit : provided that such furlough shall not be taken until the completion of two years' actual service in the High Court, and shall not exceed one year.

8. Except under Rules 9 and 11, furlough shall not be granted until after the completion of three years' actual service from the date of the last return from furlough or from extraordinary leave.

9. Under medical certificate, furlough may be granted before it is at credit under Rule 6, and although three years' actual service may not have been completed since the last return from furlough or from extraordinary leave.

10. A Judge on long leave in Europe must, if the leave was granted or has been extended on account of ill-health, whether it be technically leave on medical certificate or not, satisfy the Medical Board at the India Office as to his fitness to return to duty. Ordinarily, he must attend at the India Office for examination by the Board, but, in special cases, particularly if he be residing at a distance of more than 60 miles from London, a certificate, in a form to be obtained from the India Office, from two medical practitioners, may be accepted. On the required evidence of fitness being furnished, the Judge will receive from the India Office permission to return to India.

11. On urgent private affairs, furlough may be granted to a Judge before it is at credit under Rule 6, and although three years of actual service have not been completed since the last return from furlough or extraordinary leave: provided that furlough under this rule shall not exceed six months, and shall be granted only once during the whole period of a Judge's service.

12. Furlough taken in India shall be reckoned from the date on which the Judge quits his office to the date of his resuming duty. Furlough taken out of India shall be reckoned from the date of embarkation at the port of departure from India to the date of debarkation on return to India, except in a case falling under Rule 24.

13. If furlough be taken partly in India and partly out of India, the commencement and termination of the furlough shall be respectively determined under the provisions of Rule 12, according as the furlough begins or ends in or out of India.

14. For the interval between the date of quitting his office and the commencement of furlough out of India and between the termination of furlough out of India and resuming his office, a Judge may be allowed a subsidiary leave not ordinarily exceeding 30 days, which in special cases may be extended.

15. A Judge, when on furlough, shall receive allowances, payable monthly at the rate of Rs. 1,111⅓ a month, if the furlough be taken in India, and at the rate of 1,000*l.* a year, if the furlough be taken out of India and payment be made in England. A Judge when on subsidiary leave, shall receive allowances at the rate of Rs. 1,111⅓ a month.

16. Except under medical certificate, the number of furloughs to be granted at any one time and the grant of furlough to individual Judges, shall be subject to and limited by the exigencies of the service, which exigencies shall be determined exclusively by the authority with whom rests the question of granting the furlough.

17. Applications for furlough not supported by medical certificate shall be granted usually in the following order:—

> The Judge who has the greatest amount of furlough to his credit under Rule 6 shall have the preference. If two or more applicants are on an equality in this respect, preference shall be given to the applicant whose actual service in a High Court is longest, reckoning in the case of a Judge who has not taken furlough or extraordinary leave, from the date of the commencement of his service in the High Court, and in the case of a Judge who has taken furlough subsidiary, or extraordinary leave from the date of his last return from such furlough or extraordinary leave. If two or more applicants are equal in both the above-mentioned respects, the preference shall be given to the senior in the Court.

18. Subject to the exigencies of the public service, a Judge who has completed 11 months' continuous duty, including the vacation, may take privilege leave for one month in each year, but, except as provided in clause (*a*), his salary will cease during such leave. A Judge may not take privilege leave in instalments or more than a month at a time; and, except as provided in clause (*b*), privilege leave may not be combined with vacation.

(*a*) A Judge who has been detained on duty as Vacation Judge may, provided that he has not in the meantime had any furlough or leave of any kind, during his next subsequent privilege leave, draw his salary for any period not exceeding one month in the whole, by which his vacation may (by reason of his being on duty) have fallen short of one month.

(*b*) Once in three years, and not oftener, privilege leave may be prefixed or affixed to the vacation.

19. Every Judge applying for privilege leave must sign a declaration that he intends to return to duty on the expiration of the leave applied for, and that he has no intention of resigning his office or retiring from the service or taking leave of any kind within three months after his return to duty. Such declaration shall not be held absolutely to

debar the person making it from applying for permission to resign his office, or to retire from the service, or to take leave within three months after his return to duty; but every such application must be accompanied by an explanation of the special circumstances under which it is made, and it shall be in the absolute discretion of the Government to grant or withhold the permission sought.

20. Privilege leave may be prefixed but not affixed to furlough.

21. Applications for leave shall in all cases be submitted in such manner as the Government shall from time to time prescribe.

22. No substantive appointment shall be vacated merely by reason of leave being granted under the rules.

23. If a Judge overstays any leave, he shall forfeit all salary during the time of his remaining so absent; and if he overstays his leave for more than one week, his office shall be liable to be declared vacant. But a Judge on leave (other than leave under Rule 18) is not obliged to return to duty on an authorised holiday, unless another officer is officiating as Judge in consequence of his absence.

24. A Judge may be allowed to combine vacation on full pay with leave as shown in (*a*) and (*b*) below, provided that no acting allowance is sanctioned or additional expense is incurred by the State in consequence of his absence during the vacation :—

(*A*) Where the vacation of the High Court consists of one period, a Judge may be allowed to combine vacation on full pay with leave, either at the beginning or end thereof, but not both.

(*B*) Where the annual long vacation is not continous, but is divided into two separate portions, a Judge may be allowed either :—

(*a*) To combine one part of a vacation on full pay with leave, either at the beginning or end thereof, but not both; or

(*b*) To combine both parts of one annual vacation on full pay with leave for the intervening period.

25. No leave except privilege leave and leave subsidiary to furlough shall count as service for pension.

26. If the Government in its discretion deems it necessary, in any special instance, to grant to any Judge leave of absence which is not expressly provided for in the foregoing rules, such leave shall be without pay; provided always that in no case shall such leave exceed six months, or be granted more than once in the whole course of the Judge's service.

Section III.—Pensions.

27. Subject to the proviso hereinafter set out, a Judge of a High Court shall receive, according to the length of his actual service, a pension corresponding to the rates specified in the table that follows :—

Length of actual service.	If service includes service as Chief Justice.					Judge who is not a member of the Indian Civil Service.	Judge who is a member of the Indian Civil Service.
	Not less than 5¾ years.		Not less than 2½ years but less than 5¾ years.				
	As Chief Justice, Calcutta High Court.	As Chief Justice in any other High Court.	As Chief Justice, Calcutta High Court (when previous service has been as Chief Justice in other High Courts).	As Chief Justice, Calcutta High Court (when previous service has been as Puisne Judge).	As Chief Justice in any other High Courts.		
1	2	3	4	5	6	7	8
	£	£	£	£	£	£	£
(*a*) 6¾ years but less than 8½ years.	900	750	800	700	650	600	100
(*b*) 8½ years but less than 10 years.	1,075	900	960	840	780	720	120
(*c*) 10 years but less than 11¼ years.	1,450	1,200	1,280	1,120	1,040	960	160
(*d*) 11¼ years and over ...	1,800	1,500	1,600	1,400	1,300	1,200	200

Provided that no Judge shall receive such pension who has not attained the age of 60 years, unless he either retires on medical certificate or has had an actual service of at least 11½ years.

28. Except in the case of a member of the Indian Civil Service, a Judge receiving a pension under the preceding rules will not be entitled to any other pension or retiring allowance.

29. When a Judge, who at the time of his appointment to a High Court, was a member of one of the Government Services in India, is permitted to retire without a pension under the preceding rules, he shall receive such a pension as he might receive under the rules applicable to the branch of the Service to which he belonged when so appointed, reckoning the period of his service as a Judge of a High Court towards service for that pension.

30. If a Judge who, at the time of his appointment to a High Court, was a member of one of the Government Services in India, is permitted to retire after six years and nine months of actual service as Judge, he shall have the option of taking his pension or retiring allowance either under these rules or under the rules applicable to the branch of the Service to which he belonged when appointed.

31. The words "a member of one of the Government Services in India" in Rules 29 and 30 include an acting member, and for the purpose of these rules acting service in the appointment held at the time of appointment as a Judge of the High Court shall be regarded as substantive.

32. In the event of the appointment to be a Judge of a High Court of a retired Judge who is in receipt of a pension under the preceding rules, the Secretary of State in Council shall decide in each case whether his salary shall be reduced by the amount of such pension, or by any part of such amount.

33.
